

Human-Driven Testing Framework

Quality Engineering over Quality

СЛЕДИ КАКВО ПРЕДСТОИ В ГРУПАТА НА [DEV.BG/QA](https://dev.bg/qa)

Our speaker today

Evgeni Kostadinov

- Perpetual beta learner
- Considers Software testing to be a form of art and a craft
- {Some-other-cool-text-here}

СЛЕДИ КАКВО ПРЕДСТОИ В ГРУПАТА НА [DEV.BG/QA](https://dev.bg/qa)

Today we are going to talk about:

- Our context and setup
- Why the “new” term
- More than intelligent testing
- QAs as Cross-functional team leaders

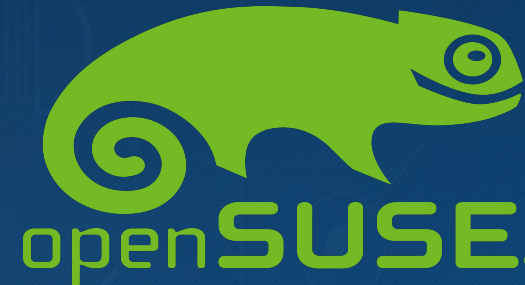

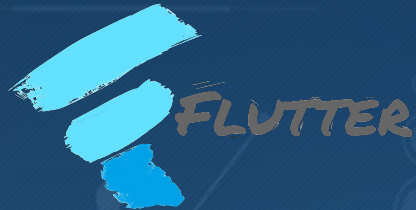

This talk is NOT about:

- Setting a new standard
- Solving every specific problem
- Classic way of thinking about software testing

Our company context:

Lots of projects with cutting edge tech stacks

- HoloLens
- Blockchain
- Flutter
- Robotics and Sound engines
- Custom OS versions (Android, OpenSUSE)
- In-house Kubernetes
